## COUNSELING LESSON

This week we had a counseling lesson with Mrs. White. We learned about anti-bullying and the difference between the following words:

**Rude:** I did something I did not know would hurt someone's feelings

**Mean:** when I do something I KNOW will hurt someone

**Bullying:** when I do things I know will hurt people; I do them over and over again; and I don't stop even when I am told to or when I see I hurt somebody

If someone is rude or mean to us, it should only take ONE person to tell them to stop. It could be the person being hurt, or ANYONE else.

We learned that adults can help us with BIG problem.

We completed a writing and drawing activity where we finished the following sentence starter:

I will not bully because...

Look for a picture in your child's Seesaw journal of them with their completed work.

## Parents, than you so much for a great conference week!

I really appreciated being able to talk to you about what I see your child doing in the classroom setting. We are a team, and it is important to work together to help our children succeed. Thank you for being committed to this!
